tions, panel and film screen-
ings

21 April 2020
Bern, Cinématte

r4d Forum Social Conflicts 2020
21-22 April 2020

SWISS NATIONAL SCIENCE FOUNDATION

Prepared for dissemination

From 2014 to 2020 research teams from 13 countries explored multiple dimensions of inequality, fragility and conflict. They share their results with you now.

The r4d Forum Social Conflicts 2020 celebrates the achievements and messages of the research partnerships and synthesis in the r4d thematic module on “Causes of and Solutions to Social Conflicts in Contexts of Weak Public Institutions or State Fragility”. To provide scope for information, exchange and debate, we offer these formats to you:

- Project exhibition: At several booths you will meet and interact with lead researchers, receive information about data and research evidence, watch video clips or delve into a virtual reality experience.
- Film screenings “Inequality and Conflict – Beyond us and them”: You will watch the 70min-research documentary that emerged as a synthesis product from three projects, portraying researchers, protagonists and experts from five countries across the world. Choose your preferred screening time.
- Panel: We offer a moderated panel with experts from research, policy and development practice after the second film screening.
- Philosophical walk: In parallel to the second film screening, we invite our afternoon guests to join our open air conversational format during the early evening hours.
- Drinks and dinner: Our catering will give you energy and focus in conversations among the diverse and informed participants.

DEBRIEFING AND TAKE-AWAY ACTIONS FOR SDG16+

On 22 April 2020, researchers, Review Panel members and event organisers will meet with Swiss politicians, diplomatic delegates, public administration members, NGOs and social entrepreneurs. Should you be interested in joining, please send us an e-mail to r4d-socialconflicts@snf.ch.
